Though incomplete, the description of the training area checks with available information. 25X1 Comment. It is not clear which place at the Saale River was referred as the third training area (sic). Two water training areas on 25X1 the Saale River were previously reported in addition to the woods camp and the training area adjoining north. The two water training areas are on the east bank of the river on the two bends of the Saale north-northeast and 25X1 south of the Eur Katze Inn. The 19th Indep Gds Engr Bn of the 8th Gds Army and the 67th Engr Bn (WS) of the 57th Gds Ltz Rifle Div returned to Ead Koesen from the Dessau training area on 22 June. The present report indicates only a light occupation in Dad Koesen, and gives the impression that the two battalions were not in Dad Koesen in late
